## Objective

Motivated computer science student with a strong passion for Fullstack Development seeking to leverage skills in frontend and backend technologies to contribute effectively to building innovative web applications. **Available for full time job.**

## Education

**Bachelor of Science in Computer Science 3rd Year**
Holon institute of Technology, Holon, IL, 2021-Present - **GPA 91**

**Major in Computer Science**
Ginzburg HaAlon School, Yavne, IL ,2010-2015- **GPA 96**

## Projects

### TalkBuzz-Social Media 🔗 ⬭
Developed a dynamic social media platform using **React** for an engaging user interface, coupled with a **MongoDB** database for robust data management. Implemented a **Node.js** and **Express.js** backend following the **MVC architecture**, enhancing developer efficiency and streamlining the development lifecycle.

### Dev-Log 🔗 ⬭
Developed a knowledge-sharing blog with **React**-**Typescript** for a user-friendly experience and **MongoDB** for flexible data storage. Leveraged **Node.js and Express.js** with an **MVC** architecture, promoting efficient development and ongoing content creation. The blog is managed through an admin dashboard, enabling convenient access to essential management functions like content creation, page editing, and comment monitoring

### Portfolio 🔗 ⬭
Developed a personal web portfolio with **Next.js** and **Tailwind CSS**, highlighting my full-stack development skills and project experiences. This digital showcase effectively demonstrates my technical capabilities and creative approach in an accessible format.

## Technical Skills

Programming Languages: JavaScript, Typescript, C, C++, C#
Web Technologies: HTML, CSS, React, Nextjs, TailwindCSS, Styled Components
Backend Frameworks: NodeJS/Express, Asp.net core
Databases: MongoDB**,** MySQL
Version Control: Git, GitHub

## Military Service

During my military service, I led a recruit department, fostering IDF values and professionalism. Later as a Unit Lieutenant, I managed operations, coordinated departments, and enhanced my skills in leadership, responsibility, organization, and teamwork, all of which continue to serve me well in my career.

## Languages

Hebrew - Mother tongue
English- Professional working proficiency
